Healthy Communities and Schools
P.O. Box 570, Jefferson City, MO 65102
FAX: 573-526-5347 -- Attn: Cheryl Page

Workshop Objectives

1. State the best practices for use with students who have Attention-Deficit/Hyperactivity Disorder (ADHD).
2. Summarize how to use evidence-based guidelines to provide care for students with ADHD.
3. Describe the use of the ADHD evaluation tool to monitor quality of care for self or peer review.
4. List common causes of seizures and epilepsy.
5. Decrease major seizure types and their manifestations.
6. Name the anti-epileptic drugs and discuss their usage.
7. Provide in-service education about epilepsy to school personnel, parents, and students.
8. Initiate individualized health care plans and emergency care plans for students with seizures.

Purpose and Target Audience:

This day-long educational program is designed to provide research-based clinical practice guidelines and quality monitoring tools for school nurses to use in the assessment and treatment of students with Attention-Deficit/Hyperactivity Disorder, and Seizures.

Training Cancellation

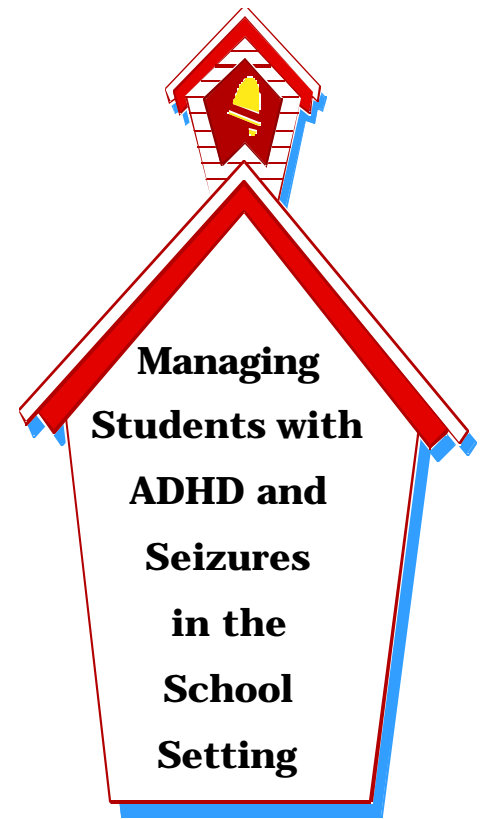

In the event of inclement weather, a notice will be posted on the School Health webpage.

www.dhss.state.mo.us/school_health/SHWebpage.htm

If you find that you will be unable to attend, please notify the school health program by phone, (573 751-6213) or e-mail so that your place may be assigned to someone on the waiting list.
